

Topic G

Culminating Experiences

Focus Standard:	Topic G is a celebration of students' learning over the course of the year. Focus Standards are not applicable.	
Instructional Days:	3	
Coherence -Links from:	G1–M4	Place Value, Comparison, Addition and Subtraction to 40
-Links to:	G2–M3	Place Value, Counting, and Comparison of Numbers to 1,000

Topic G culminates not only Module 6, but also a full year of learning for Grade 1 students. It is a joyous celebration of the great progress of all students. During each lesson, students recognize how much they know now in comparison with the start of the year. They celebrate this learning by using their acquired skills and knowledge to enjoy entertaining games and activities with their peers.

During Lessons 28 and 29, students play games with cards and dice that celebrate their progress in fluently adding and subtracting within 10 and 20. All of the games are played with materials that students can find at home or bring home from school to encourage engaging summer practice.

To culminate the year, students create folder covers that can be used to bring home the math work from the year. The covers are designed to illustrate students' learning across the course of the year and to celebrate their individual accomplishments.

A Teaching Sequence Toward Mastery of Culminating Experiences

Objective 1: Celebrate progress in fluency with adding and subtracting within 10 (and 20). Organize engaging summer practice.
(Lessons 28–29)

Objective 2: Create folder covers for work to be taken home illustrating the year's learning.
(Lesson 30)
