- These goals are addressed in all lessons in this unit. Rather than repeat these goals as lesson objectives throughout the unit, they are designated here as frequently occurring goals.
In this unit we introduce eight more sounds using the most common spelling of each sound. In addition, we introduce a spelling alternative for the /k/ sound. The nine sounds and corresponding spellings are:

- /b/ spelled ‘b’ as in *bed*
- /l/ spelled ‘l’ as in *log*
- /r/ spelled ‘r’ as in *rat*
- /u/ spelled ‘u’ as in *mug*
- /w/ spelled ‘w’ as in *wig*
- /j/ spelled ‘j’ as in *jam*
- /y/ spelled ‘y’ as in *yes*
- /x/ spelled ‘x’ as in *box* (a sound combination)
- /k/ spelled ‘k’ as in *kid* (as an alternative to ‘c’)

As in Units 3 and 4, each new sound is introduced with oral language exercises and students are shown how to make a picture of the sound. Only the most common, or least ambiguous, spelling is taught for each of the sounds /b/, /l/, /r/, /u/, /w/, /j/, /y/, and /x/. An alternative spelling is taught for the sound /k/ (‘k’). Worksheets provide practice writing the spelling. At this point in the program, if students have not already made the transition from writing with crayons to pencils, you should do so now. We recommend the use of primary pencils.

There are 16 lessons in this unit that are designed to teach a number of skills. The lessons are followed by the Pausing Point, which provides recommendations for practicing the skills. At this point in the year, it is not unusual to find students learning the skills presented at different rates of speed, with varying degrees of success. While you will continue to deliver a large portion of Skills instruction each day to your entire class as a whole group, starting in Lesson 2 you will find time in selected lessons designated for differentiated, small group work. During this time, you are asked to divide your class into two groups, Group 1 is described as remedial or in need of attention. Group 2 would best be characterized as being “on level,” making good progress, and able to work independently. The Teacher Guide suggests different activities and materials for each group.

A word or two about creating these small groups is in order. As you consider which students to include in a particular group, it is not necessary to create groups with equal numbers of students. In fact, we anticipate that you will have more students in the “on level” group able to work independently. It is advantageous to have a small number of students in the group in need of your
attention so students may have many opportunities to respond and receive immediate feedback.

The assignment of students to these groupings is not fixed. These groupings should be flexible as student performance changes. A student may work two or three days in Group 2, but then spend the remainder of the week working with you in Group 1 to reinforce an area of particular weakness. In fact, there is no reason you can’t have three small groups, two of which are working independently on different exercises and materials, and the other group for whom you provide direct instruction.

Finally, while options for small group instruction are always suggested, you are the best judge of what specific enrichment or remedial work may be most appropriate for individual students. Feel free to make use of any additional words and phrases for reading and/or chaining found in the Supplemental Resources section of previously taught lessons. You may also consider using activities and worksheets included in the Pausing Point.

### Warm-Ups

One of the greatest challenges in learning to read and spell is discriminating effectively between vowel sounds. Vowel sounds in the English language are the most affected by accent. The vowel sounds are distinct from one another in all accents. The first part of each Warm-Up in this unit is designed to teach the differences between the vowel sounds /i/, /e/, /a/, /u/, and /o/. It is very important to teach these sounds in sequence, from /i/, which is produced in the front of the mouth, to /o/, which is produced in the back of the mouth. The second part of each Warm-Up is designed to give students daily practice with the letter-sound correspondences they have learned. Consistent daily practice will help students learn to decode and encode, i.e., to read and write.

### Student Chaining Folders

The Student Chaining Folder is introduced in this unit. Each student will need a folder. Student chaining allows students to practice spelling words by arranging Small Cards on their Chaining Folders. This exercise is introduced in the first lesson of Unit 5 and is a key exercise in this and subsequent units. The transition from chaining on the teacher’s pocket chart to students chaining on Student Chaining Folders should be smooth because the procedures are very
similar. In both exercises, students control a set of cards. We encourage you
to scaffold student chaining by “chaining along” on the teacher pocket chart.
Ask students to spell a word on their Chaining Folders. Check their work. Spell
the word on your pocket chart and have students practice procedures to check
spelling accuracy.

For some of the Small Cards used in student chaining we ask you to give
each student doubles. The chains in a particular lesson might not contain
words with a spelling used twice, e.g., pop, but the chains in another lesson
might. We ask you to give out doubles in order to minimize the challenge of
giving out Small Cards for every lesson. Given limited pocket space on the
Chaining Folder, it is sometimes necessary to remove some Small Cards,
usually consonants, and replace them with other cards.

We indicate the specific Small Cards needed for Student Chaining in any
given lesson in the At-a-Glance overview at the beginning of each lesson.

A variation of Student Chaining is the exercise Chain and Copy. Students
are asked to work in pairs. As one student chains the words on the Chaining
Folder; the other student copies the chained words on paper.

The following additional materials are needed in Unit 5. The number in
parentheses indicates the first lesson in which the item is used.

• Primary pencils for all students (1)
• Pocket Chart and stand (1)
• Unruled 4” x 6” or 5” x 7” index cards (1)
• Primary ruled writing paper for students (6)
• Previously created Stomp and Spell Cards (11)
• Crayons (12)
• Previously created Spelling Hopscotch Cards (16)
• Optional: Alphabet Jam: Songs and Rhymes to Build Early Reading Skills CD
  by Cathy Bollinger, available through various media outlets (1)
• Projection system: This may include chart paper, making a transparency
  of the worksheet and using an overhead projector, scanning the page and
  projecting it on a Smart Board, using a document camera, or other system of
  your choice (1)

Spelling Alternatives

The introduction of a Tricky Spelling for /k/ introduces a new kind of
complexity. When asked to write the /k/ sound, the students may now write
‘c’ or ‘k’. At this early stage, they should not be expected to know which of
these two spellings is the correct spelling in particular words. That will come
gradually, with exposure to words and sentences. We suggest you give credit
for either spelling, while noting which is the accepted spelling in each case.
As in Units 3 and 4, only the lowercase letters are taught. And, as in Units 3
and 4, we encourage you to avoid letter names. For an explanation of these aspects of the program, please read the introduction and/or appendix to Unit 3.

**Big Book: Ox and Man**

The Big Book for this unit is called *Ox and Man*. This text includes sentences, which is a big step in the acquisition of reading.

**Take-Home Material**

To encourage family involvement and student exposure to the material, we have included a number of optional Take-Home worksheets which are optional. Should you choose to use them, please distribute them to students and instruct them to give the worksheet to a family member. At your discretion, Take-Home Material may also be used in the classroom, for extension activities or at work stations.

**Student Performance Task Assessment**

In Lesson 12, you are provided with a Student Performance Task Assessment. The assessment may be completed over the course of several days. There are two parts for this assessment:

**Part One** is required for all students. This assessment directs you to pronounce 10 one-syllable CVC words. For each word you say, students are to circle the word on their worksheet.

**Part Two** requires you to assess students individually if they scored 7 or fewer points on Part One. Each student reads from a set of 10 words printed on separate cards.

Be sure to record the results on the Class Record sheet provided at the end of Lesson 12 in this Teacher Guide.

**Assessment and Remediation Guide**

A separate publication, the *Assessment and Remediation Guide*, provides further guidance in assessing, analyzing, and remediating specific skills. This guide can be found online at http://www.coreknowledge.org/AR-GK-U5. Refer to this URL for additional resources, mini-lessons, and activities to assist students who experience difficulty with any of the skills presented in this unit.

**Teacher Resources**

At the end of each unit, you will find a section titled, “Teacher Resources.” In this section, we have included assorted forms and charts which may be useful.
Lesson 1

☑ Objectives

The following language arts objectives are addressed in this lesson. Objectives aligning with the Common Core State Standards are noted with the corresponding standard in parentheses. Refer to the Alignment Chart for additional standards addressed in all lessons in this unit.

☑ Observe the position of the mouth while making the short vowel sounds /i/, /a/, and /o/, and associate each sound with its spelling (RF.K.3b)

☑ Listen to riddles and provide words with an initial /b/ as an answer (RF.K.2d)

☑ Demonstrate understanding that a systematic, predictable relationship exists between written letters and spoken sounds by producing ‘a’ for /a/, ‘m’ for /m/, ‘t’ for /t/, ‘d’ for /d/, ‘o’ for /o/, ‘c’ for /k/, ‘g’ for /g/, ‘i’ for /i/, ‘n’ for /n/, ‘h’ for /h/, ‘s’ for /s/, ‘f’ for /f/, ‘v’ for /v/, ‘z’ for /z/, and ‘p’ for /p/ (RF.K.1b)

☑ Differentiate between the initial consonants /b/ and /p/ in spoken words and choose the correct spelling (RF.K.2d)

☑ Demonstrate understanding that a systematic, predictable relationship exists between written letters and spoken sounds by drawing a picture of ‘b’ for /b/ in the air and on paper (RF.K.1b)

☑ Recognize, isolate, and write ‘b’ for consonant sound /b/ (L.K.2c)

☑ Write from left to right (leaving spaces between words) and top to bottom using return sweep (L.K.1a)

☑ Hold a writing utensil with a tripod (or pincer) grip and form the letter ‘b’ (L.K.1a)

☑ Use spatial words, such as down and right, while practicing handwriting (L.K.1e)

☑ Trace, copy, and write the lowercase letters ‘b’ and ‘d’ (L.K.1a)

☑ Read, spell, and/or write chains of one-syllable short vowel words in which one sound is added, substituted, or omitted (RF.K.3b)

Advance Preparation

Prepare the pocket chart and arrange the cards as indicated in the illustration.

Since this lesson will be the first time you make use of the Chaining Folders, we strongly recommend setting up the Student Chaining Folders with Small Cards prior to the start of the lesson. You will not have sufficient time to distribute the various Small Cards to students during the lesson. You will need one fully prepared Chaining Folder for each student.

The procedure and setup for Chaining Folders are similar to the procedure and setup for Pocket Chart Chaining. Arrange the following vowel spellings along the top of each folder: ‘i’, ‘e’, ‘a’, ‘o’ and the following consonant spellings along the bottom of the folder: ‘n’ (2), ‘t’ (2), ‘d’ (2) ‘f’, ‘v’, ‘z’, ‘p’ (2), ‘b’ (2). When 2 of the same letter cards are indicated, place them in the same pocket.

Note: This is the only time you will need to prepare all of the Chaining Folders prior to class time. Hereafter, if it is necessary to swap out Small Cards, you will do this with students.

Warm-Up 10 minutes

The Short Vowel Sounds and Sound/Spelling Review

Note: The Warm-Up for Unit 5 consists of two parts. The goal of Part A is to help students distinguish the five “short” vowel sounds /i/, /e/, /a/, /u/, and /o/. In Lessons 1–5 the sounds /i/, /a/, and /o/ are practiced. In Lessons 6–9 the /e/ sound is added between /i/ and /a/. In the last six lessons, the entire sequence /i/, /e/, /a/, /u/, and /o/ is practiced. In this way, students are introduced to the progression of the vowel sounds from the sound produced in the most forward part of the mouth with only a slight mouth opening (/i/), to the sound produced farthest back in the mouth with the mouth wide open (/o/). In Part B, you will use Large Cards to review the vowel and consonant sounds and spellings taught so far.
Part A

The gestures for /i/ and /o/ represent the shapes of the letters 'i' and 'o'. You may adopt other gestures for the sounds if you find them more effective. You may discontinue the gestures once students are making these sounds accurately and confidently.

If students need additional practice distinguishing the short vowel sounds, you may use the Pausing Point exercise “Erase the Spellings” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

- Display the Large Cards for ‘i’, ‘a’, and ‘o’ in that order, from left to right, so students can see them.
- Say each sound while making the corresponding gesture. Have students repeat after you.
- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all three sounds from front to back: /i/, /a/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /a/, /i/.
- If students are having difficulty pronouncing the vowel sounds accurately, you can have them say the words knit, gnat, and not in this order and in reverse order before having them say the vowel sounds in isolation.

```
/i/                      /a/                      /o/
place finger below lips pretend to cry circle open mouth with finger
```

Part B

If students need additional practice recognizing the spellings taught in this unit, you may complete any of the Pausing Point exercises listed under “Recognize the Spellings Taught in Unit 5” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

- Review the Large Cards listed in the At a Glance chart.
- Remind students to refer to the Sound Poster if they need help remembering which sound is associated with the spelling or how to write a specific spelling.
Introducing the Sound

If students need additional practice recognizing and isolating the sounds taught in this unit, you may select appropriate Pausing Point exercises from those listed under “Recognize and Isolate the Sounds Taught in Unit 5” and the activities in Unit 5, Section I of the Assessment and Remediation Guide.

Sound Riddles

If students need additional practice recognizing and isolating the sounds taught in this unit, you may select appropriate Pausing Point exercises from those listed under “Recognize and Isolate the Sounds Taught in Unit 5” and the activities in Unit 5, Section I of the Assessment and Remediation Guide.

- Tell students the new sound is /b/. (Try to say a clipped /b/ and not /buuu/.)
- Have students say the /b/ sound several times.
- Ask students to repeat a number of words having the /b/ sound at the beginning: bat, big, bug, bag, boots.
- Ask students to repeat a number of words having the /b/ sound at the end: rub, cab, tub, fib, rib.
- Tell students you are going to say a word. You would like them to tell you whether they hear /b/ at the beginning of the word or at the end: bad, rob, grab, bib.
- Ask students if /b/ is a consonant sound or a vowel sound. (It is a consonant sound, made by pressing the lips together and opening them with a popping sound.)
- Read the riddles, each of which has an answer beginning with the /b/ sound.

1. I’m thinking of the color of the sky. (blue)
2. I’m thinking of the color of mud. (brown)
3. I’m thinking of a sport that involves hitting a ball with a bat. (baseball)
4. I’m thinking of an animal flying through the air saying, “Chirp, chirp!” (bird)
5. I’m thinking of something round you can kick or throw. (ball)

Minimal Pairs

If students need additional practice differentiating sister sounds, you may use the Pausing Point exercises “Sister Sounds” and “T-Charts” and the activities in Unit 5, Section I of the Assessment and Remediation Guide.

- Tell students it is difficult to hear the difference between the /b/ sound and the /p/ sound. These sounds are sister sounds. Both sounds are made by pressing one’s lips together and making a popping noise.
- Tell students you are going to say some words. The words will be very similar, but one word will begin with the /b/ sound and the other word will begin with the /p/ sound.
- Have students close their eyes and listen as you say the first word.
- Ask students which word begins with the /b/ sound.
- Have students repeat both words to hear and feel the difference in articulation.
- Complete the remaining pairs.
### Introducing the Spelling 25 minutes

#### Teacher Modeling 5 minutes

- Tell students you are going to show them how to draw a picture of the /b/ sound.
- Draw a large lowercase ‘b’ on the board and describe what you are doing using the phrases on the left. Repeat several times, using the phrases or counting off the strokes as you create the letter.
- Tell students you are going to use your entire arm to draw a very large letter in the air. Model this with your back to students, encouraging them to copy the motions and repeat the phrases with you.
- Try to avoid using the letter name “bee” during this activity. Instead, say the sound /b/.

#### Meet the Spelling Worksheet 15 minutes

- Distribute and display Worksheet 1.1. Tell students everyone will practice drawing pictures of the /b/ sound together.
- Work as a group, guiding students to complete each item in the rows of letters as you model the writing process. Trace the gray dotted letters in the row first; write the letters, using the black dots as starting points. Say the sound as you finish each letter.
- At the bottom of the page, show students how to read and trace the word big; have students trace and write the word using the black dots to start each letter. Remind students English is written from left to right. (You may wish to draw an arrow to indicate directionality.)
- Turn to the back of the worksheet. Ask students to identify each item, circle the letters that spell the name of the item, and then write the name on the corresponding line. Model each step so students can follow along.
The Spellings ‘b’ and ‘d’  

- Say the word *bed* several times and have students repeat after you.
- Ask what sound is heard first in *bed*
- Once the sound /b/ has been identified, write the spelling ‘b’ on the board.
- Next, ask students for the second sound in *bed*. Once the sound /e/ has been identified, write the spelling ‘e’ on the board.
- Ask students for the final sound in *bed*. Once the sound /d/ has been identified, write the spelling ‘d’ on the board.
- Point out that, not only do /b/ and /d/ sound similar, but the letters ‘b’ and ‘d’ that stand for these sounds look very similar. Both letters are written using a vertical line and a circle. For ‘b’, the circular stroke is to the right of the vertical line; for ‘d’ it is to the left of the line. Tell students you will teach them a trick to keep them separate.
- Tell students they will use their hands to make a picture of a bed.
- Help students position their hands as in the illustration on the left.
- Demonstrate thumbs are the ends of the bed and the part between thumbs is flat so “someone can lie down.”

Chaining  

Student Chaining  

**Note:** This is the first time you will use Chaining Folders. The procedure and setup are similar to the procedure and setup for Pocket Chart Chaining. Please continue to use the teacher pocket chart while students are chaining words with their folders.

- Distribute a fully prepared Student Chaining Folder, complete with the designated Small Cards, to each student. Ask students to open the folder and compare it to the pocket chart; ask if they notice any similarities. (Students should recognize both the pocket chart and Chaining Folders have the same Small Cards, with the vowels arranged at the top and consonants at the bottom.)
• Tell students you will do some chaining exercises on the pocket chart similar to the ones in previous lessons. Today, however, each student will use his or her own letter cards to chain words on his or her folder.

• Review each letter-sound correspondence by pointing to a letter on the pocket chart. Ask students to point to the same letter on their chaining folder and produce the sound for which the letter stands.

• Ask students to spell *bop* in the middle of their Chaining Folders, starting on the left side at the green dot.

• Ask a student to come up to the pocket chart and spell *bop*.

• When students have spelled *bop* on their Chaining Folders, say, “If that is *bop*, show me *top*.”

• Repeat for the remaining words in the chain.

• Complete the chaining.

• Once students have spelled the last word in the chain, have students return the Small Cards to their slots.

  **Note:** Carefully observe which students complete student chaining with minimal errors and which students may be struggling. It is important to provide immediate feedback when students make errors. If students are struggling, consider providing extra chaining practice in a small group setting.

**Take-Home Material**

**Connect It**

• Have students give Worksheet 1.2 to a family member.

Warm-Up 10 minutes

The Short Vowel Sounds and Sound/Spelling Review

Part A

- Display the Large Cards for ‘i’, ‘a’, and ‘o’ in that order, from left to right, so students can see them.
- Say each sound while making the corresponding gesture. Have students repeat after you.
- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all three sounds from front to back: /i/, /a/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have students say the sounds from back to front: /o/, /a/, /i/.
- If students are having difficulty pronouncing the vowel sounds accurately, you can have them say the words knit, gnat, and not in this order and in reverse order before having them say the vowel sounds in isolation.

Part B

- Review the Large Cards and Sound Poster listed in the At a Glance chart.
- Introduce the Sound Poster for ‘b’ and Sound Card 17 (bed).
The /l/ sound is pronounced slightly differently depending on its position in a word. Compare the first sound in lip with the last sound in hill. The two variants are called light and dark 'l'. This does not need to be pointed out to the students.

If students need additional practice recognizing and isolating the sounds taught in this unit, you may select appropriate Pausing Point exercises from those listed under “Recognize and Isolate the Sounds Taught in Unit 5” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

Hearing Initial Sounds

- Tell students the new sound is /l/.
- Have students say the /l/ sound several times, stretching it out.
- Ask students to repeat a number of words having the /l/ sound at the beginning: lid, line, leaf, love, leg.
- Ask students to repeat a number of words having the /l/ sound at the end: bell, pill, tall, feel, tell.
- Ask students if /l/ is a consonant sound or a vowel sound. (It is a consonant sound, made by pressing the tip of the tongue up against the bump behind the upper teeth and pushing air out.)
- Tell students you are going to say a number of words. Some of the words will begin with the /l/ sound and some will not.
- Have students close their eyes and listen carefully.
- Ask students to raise their hands when they hear a word beginning with the /l/ sound.

Note: If students have trouble hearing a word’s initial sound, say the word in a segmented fashion: /l/ . . . /i/ . . . /k/. Then repeat the word in its blended form: lick.

   1. lick
   2. nice
   3. life
   4. leg
   5. run
   6. like
   7. leaf
   8. less
   9. man
  10. laugh

Sound Off

- Tell students you are going to read a story containing a number of examples of the /l/ sound. The /l/ sound may be at the beginning or end of a word.
- Ask students to touch their noses whenever they hear the /l/ sound.
- Read the story very slowly sentence by sentence, making an effort to emphasize the /l/ sound.

Lizzy loves learning about lions. Last week, Lizzy learned all about the lions that live in Africa. Next week, Lizzy’s whole school is going to the zoo to look at the large lions.
Introducing the Spelling

Teacher Modeling

- Tell students you are going to show them how to draw a picture of the /l/ sound.
- Draw a large lowercase ‘l’ on the board and describe what you are doing using the phrase on the left. Repeat several times, using the phrase or counting off the stroke as you create the letter.
- Tell students you are going to use your entire arm to draw a very large letter in the air. Model this with your back to students, encouraging them to copy the motion and repeat the phrase with you.
- Try to avoid using the letter name “el” during this activity. Instead, say the sound /l/.

Meet the Spelling Worksheet

- Distribute and display Worksheet 2.1. Tell students everyone will practice drawing pictures of the /l/ sound.
- Work as a group, guiding students to complete each item in the rows of letters as you model the writing process. Trace the grey dotted letters in the row first; write the letters, using the black dots as starting points. Say the sound as you finish each letter.
- At the bottom of the page, show students how to read and trace the word let; have students trace and write the word using the black dots to start each letter. Remind students English is written from left to right. (You may wish to draw an arrow to indicate directionality.)
- Turn to the back of the worksheet. Ask students to read each word, identify the matching picture, and write the word on the corresponding line. Model each step so students can follow along.

Differentiated Instruction

Small Group Work

Group 2
- Write the following phrases on the board: (1) cat on bed, (2) pet dog, (3) lid on pot, (4) big hen, (5) hat in box, (6) bag on lap, (7) mad mom, (8) man in van.
- Tell students to read, copy, and illustrate each phrase.
- If students finish early, they may share their illustrations with each other.
Group 1

- Write the word *at* on the board.
- Point to the letter ‘a’ and ask students for the sound. Repeat for the letter ‘t’.
- Choose a student to blend the word.
- Have students copy the word, saying each sound as they write it.
- Complete the remaining words.

- After today’s lesson: If students attempted to read 1,000 words in a trade book, on average, between 118 and 156 of those words would be completely decodable.

- The sound /r/ is the 5th most common sound in English.

- The sound /r/ is found in approximately 30 percent of English words.

- The sound /r/ is spelled ‘r’ approximately 94 percent of the time.

- The spelling alternative ‘rr’ as in carry is taught later in this grade.

- The spelling alternative ‘wr’ as in write is taught later in the program; ‘rh’ as in rhyme is rare.

- The emphasis in this lesson is on /r/ as a consonant sound that occurs before a vowel sound, as in red, rip, and rot. The sound /r/ also combines with vowel sounds that precede it. Later in this grade, the students will study three vowel + /r/ combinations: /er/ as in her, /ar/ as in far, and /or/ as in for.

- Students have now learned one way to spell 19 of the 44 sounds in the English language.

The Short Vowel Sounds and Sound/Spelling Review

Part A

• Display the Large Cards for ‘i’, ‘a’, and ‘o’ in that order, from left to right, so students can see them.
• Say each sound while making the corresponding gesture. Have students repeat after you.
• Repeat several times.
• Once students are confident in their pronunciation and able to say the sounds clearly, have them say all three sounds from front to back: /i/, /a/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /a/, /i/.

Part B

• Review the Large Cards and Sound Poster listed in the At a Glance chart.
• Introduce the Sound Poster for ‘r’ and Sound Card 19 (rat).
Introducing the Sound

I’m Thinking of Something

- Tell students the new sound is /u/.
- Have students say the /u/ sound several times, stretching it out.
- Ask students to repeat a number of words having the /u/ sound at the beginning: up, under, uncle, ugly, umbrella.
- Ask students to repeat a number of words having the /u/ sound in the middle: rub, run, tub, fun, hum.
- Ask students if /u/ is a consonant or a vowel sound. (It is a vowel sound, made with the mouth open.)
- Tell students you are thinking of something beginning with the /u/ sound. You want them to guess what it is, but first you will give them a hint.
- Read the first hint and have students guess the answer.
- If needed, read the second hint.
- Complete the list of riddles.

Up
1. I’m thinking of the direction I look when I look at the sky.
2. I’m thinking of a word meaning the opposite of down.

Under
1. I’m thinking of a direction word.
2. I’m thinking of a word meaning the opposite of over.

Umbrella
1. I’m thinking of something you hold over your head when it is raining.
2. I’m thinking of something that keeps you dry when it is raining.

Untie
1. I’m thinking of something you do to your shoelaces before you take off your sneakers.
2. I’m thinking of a word meaning the opposite of tie.

Onion
1. I’m thinking of something growing in a vegetable garden.
2. I’m thinking of a vegetable that causes tears in your eyes when you cut it.

Oven
1. I’m thinking of something in which grown-ups bake cookies.
2. I’m thinking of something that gets very hot.

The first sound in the words onion and oven is indeed the /u/ sound. In these words, it is spelled with the spelling ‘o.’ Because this is an oral exercise for students, this alternate spelling is not important. Read more about the /u/ sound and its spellings in the Code Knowledge box at the end of this lesson.
If students need additional practice recognizing and isolating the sounds taught in this unit, you may select appropriate Pausing Point exercises from those listed under “Recognize and Isolate the Sounds Taught in Unit 5” and the activities in Unit 5, Sections I and II of the Assessment and Remediation Guide.

You may ask students to make the gesture for the vowel sound /o/ as they are saying the words.

---

**Minimal Pairs**

- Explain that it can be difficult to tell the difference between the /u/ sound and the /o/ sound.
- Tell students you are going to say two words. The words will be very similar, but one word will have the /u/ sound and one will have the /o/ sound.
- Have students close their eyes and listen as you say the first word pair.
- Ask which word contains the /u/ sound.
- Have students repeat both words to hear and feel the difference in articulation.
- Complete the remaining pairs. If students are having trouble hearing the medial vowel sounds in the pairs, you can repeat the pairs, stretching out the vowel sounds: /n/ . . . /uuuuu/ . . . /t/; /n/ . . . /ooooo/ . . . /t/.

| 1. nut/not       | 6. cut/cot       |
| 2. cup/cop      | 7. chump/chomp   |
| 3. shut/shot    | 8. bug/bog       |
| 4. hut/hot      | 9. duck/dock     |
| 5. bubble/bobble| 10. stump/stomp  |

---

**Introducing the Spelling**

**Teacher Modeling**

- Tell students you are going to show them how to draw a picture of the /u/ sound.
- Draw a large lowercase ‘u’ on the board and describe what you are doing using the phrases on the left. Repeat several times, using the phrases or counting off the strokes as you create the letter.
- Tell students you are going to use your entire arm to draw a very large letter in the air. Model this with your back to students, encouraging them to copy the motions and repeat the phrases with you.
- Try to avoid using the letter name “you” during this activity. Instead, say the sound /u/.
Meet the Spelling Worksheet  

- Distribute and display Worksheet 4.1. Tell students everyone will practice drawing pictures of the /u/ sound.
- Work as a group, guiding students to complete each item in the rows of letters as you model the writing process. Trace the grey dotted letters in the row first; write the letters, using the black dots as starting points. Say the sound as you finish each letter.
- At the bottom of the page, show students how to read and trace the word *mug*; have students trace and write the word using the black dots to start each letter. Remind students English is written from left to right. (You may wish to draw an arrow to indicate directionality.)
- Turn to the back of the worksheet. Ask students to read each word, find the matching picture, and write the word on the corresponding line. Model each step so students can follow along.

Practicing Reading  

Wiggle Cards  

- Tell students you are going to show some cards describing actions.
- Ask students to read each card and perform the action listed.
- Show individual students a card, have them read it, and let them perform the action.
- If you have time, repeat some or all of the cards.

Take-Home Material  

Word Wheel Worksheet  

- Have students give Worksheet 4.2 to a family member.

Supplemental Resources

**Code Knowledge**

• Before today’s lesson: If students attempted to read 1,000 words in a trade book, on average, between 118 and 156 of those words would be completely decodable.

• After today’s lesson: If students attempted to read 1,000 words in a trade book, on average, between 131 and 176 of those words would be completely decodable.

• The sound /u/ is the most common sound in English.

• The sound /u/ is found in approximately 34 percent of English words.

• The sound /u/ is spelled ‘u’ approximately 27 percent of the time.

• The spelling alternatives ‘o’ as in *among*, ‘o_e’ as in *some*, and ‘ou’ as in *touch* are taught in later grades.

• Students have now learned one way to spell 20 of the 44 sounds in the English language.

**Note:** Many unstressed vowels in English “reduce” to the sound known as schwa. One example is the first vowel sound in *among*; another is the second vowel sound in *relatives*. Some linguists consider schwa a distinct sound from /u/, while others view it as an allophone (or variant) of /u/. For the purpose of calculating these statistics, we treat schwa as a variant of /u/. This explains why /u/ is the most common sound in the language and also why /u/ is spelled ‘u’ only 27 percent of the time. Schwa is one factor that makes English spelling very difficult. It is covered in detail later in the program.

The Short Vowel Sounds and Sound/Spelling Review

Part A

- Display the Large Cards for ‘i’, ‘a’, and ‘o’ in that order, from left to right, so students can see them.
- Say each sound while making the corresponding gesture. Have students repeat after you.
- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all three sounds from front to back: /i/, /a/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /a/, /i/.

If students need additional practice distinguishing the short vowel sounds, you may complete the Pausing Point exercise “Erase the Spellings” and the activities in Unit 5, Section I of the Assessment and Remediation Guide.

Part B

- Review the Large Cards and Sound Poster listed in the At a Glance chart.
- Introduce the Sound Poster for ‘u’ and Sound Card 20 (mug).

If students need additional practice recognizing the spellings taught in this unit, you may complete any of the Pausing Point exercises listed under “Recognize the Spellings Taught in Unit 5” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.
Chaining

Teacher Chaining

Note: This exercise is similar to Pocket Chart Chaining for Reading because you chain words for students to read. However, instead of using cards, write the words on the board.

- Write *rub* on the board.
- Ask a student to read the word, first in a segmented fashion and then blended.
- Erase ‘b’ and add ‘t’ to create *rut*.
- As you make this change, say to students, “If that is *rub*, what is this?”
- Complete the chaining.

1. *rub* > *rut* > *rat* > *bat* > *bad* > *lad* > *lap* > *lip* > *rip* > *rib*
2. *bed* > *bet* > *let* > *leg* > *lag* > *rag* > *bag* > *bug* > *hug* > *dug*

Student Chaining

- Ask students to take out their Chaining Folders and arrange the Small Cards on the folder, with the letters for vowel sounds along the top and letters for consonant sounds along the bottom.
- Collect the pictures of /v/ and /z/ from students.
- Give each student the new Small Cards ‘u’, ‘l’, and ‘r’.
- Review the letter-sound correspondences by pointing to a letter on the pocket chart and having students say the sound.
- Ask students to spell *not* in the middle of their Chaining Folders, starting on the left side at the green dot.
- Ask a student to come up to the pocket chart and spell *not*.
- Encourage students to check for spelling accuracy.
- When students have spelled *not* on their Chaining Folders, say, “If that is *not*, show me *nut*.”
- Repeat for the remaining words in the chain.
- Complete the chaining.
- Once students have spelled the last word in the chain, have them return the Small Cards to their slots.
Differentiated Instruction

Small Group Work

Group 2
- Distribute Worksheets 5.1 and 5.2.
- Worksheet 5.1: Have students write each word under the matching picture.
- Worksheet 5.2: Have students draw a line from each picture to the matching word.

Group 1
- Ask students, “What is the first sound in the word man?”
- Choose a volunteer to draw a picture of the /m/ sound on chart paper or board.
- Have all students copy the letter saying the sound as they write it.
- Complete the remaining two sounds in man so students eventually have the entire word written on their paper.
- Complete the remaining words.

1. man 7. hen
2. fit 8. cut
3. log 9. zip
4. run 10. pop
5. bed 11. van
6. dad 12. sip

Alternatively, you may complete different remediation exercises addressing the specific needs of your students. For example, instead of spelling the words in the box above, you might ask students to blend and read them as you write each word letter by letter on the board.

Take-Home Material

T-Chart Sort
- Have students give Worksheets 5.3 and 5.4 to a family member.

Warm-Up 10 minutes

The Short Vowel Sounds and Sound/Spelling Review

Part A

Note: Today you will include the sound /e/. This will add a new level of complexity because the sounds /i/ and /e/, and /e/ and /a/ are difficult to distinguish.

- Display the Large Cards for ‘i’, ‘e’, ‘a’, and ‘o’ in that order, from left to right, so students can see them.
- Say each sound while making the corresponding gesture. Have students repeat after you.
- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all four sounds from front to back: /i/, /e/, /a/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /a/, /e/, /i/.

If students are having difficulty pronouncing the vowel sounds accurately, you can have them say knit, net, gnat, and not in this order and in reverse order before saying the vowel sounds in isolation.

If students need additional practice recognizing the spellings taught in this unit, you may complete any of the Pausing Point exercises listed under “Recognize the Spellings Taught in Unit 5” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

Part B

- Review the Large Cards listed in the At a Glance chart.
Introducing the Sound

Hearing Initial Sounds

- Tell students the new sound is /w/.
- Have students say the /w/ sound several times, drawing it out.
- Ask students to repeat a number of words having the /w/ sound at the beginning: wet, wing, web, wall, walk, west.
- Ask students if /w/ is a consonant sound or a vowel sound. (It is a consonant sound, made by rounding the lips and pushing air out.)
- Tell students you are going to say a number of words. Some of the words will begin with the /w/ sound and some will not.
- Have students close their eyes and listen carefully.
- Tell students to raise their hands when they hear a word beginning with the /w/ sound.

1. win
2. will
3. lake
4. wag
5. wet
6. rake
7. wife
8. worm
9. pen
10. wake

Sound Off

- Tell students you are going to read a story containing a number of examples of the /w/ sound.
- Tell students to touch their noses whenever they hear the /w/ sound.
- Read the story very slowly sentence by sentence, making an effort to emphasize the /w/ sound.

Wanda waddles through her garden and washes her watermelons with water. Wanda wishes her watermelons would wash themselves. Wouldn’t it be weird if Wanda’s watermelons would do that?
**Introducing the Spelling**

**Teacher Modeling**

- Tell students you are going to show them how to draw a picture of the /w/ sound.
- Draw a large lowercase ‘w’ on the board and describe what you are doing using the phrases on the left. Repeat several times, using the phrases or counting off the strokes as you create the letter.
- Tell students you are going to use your entire arm to draw a very large letter in the air. Model this with your back to students, encouraging them to copy the motions and repeat the phrases with you.
- Try to avoid using the letter name “double-you” during this activity. Instead, say the sound /w/.

**Meet the Spelling Worksheet**

- Distribute and display Worksheet 6.1. Tell students everyone will practice drawing pictures of the /w/ sound.
- Work as a group, guiding students to complete each item in the rows of letters as you model the writing process. Trace the gray dotted letters in the row first; write the letters, using the black dots as starting points. Say the sound as you finish each letter.
- At the bottom of the page, show students how to read and trace the word win; and have students trace and write the word using the black dots to start each letter. Remind students English is written from left to right. (You may wish to draw an arrow to indicate directionality.)
- Turn to the back of the worksheet. Ask students to read each word, identify the matching picture, and write the word on the corresponding line. Model each step so students may follow along.

**Chaining**

**Chain and Copy**

- Ask each student to take out his or her Chaining Folder, a pencil, and a piece of paper.
- Collect all of the pictures of /f/ as in fit.
- Give each student the Small Card /w/.
Pocket Chart Setup

If students need additional practice spelling words with cards, you may select appropriate Pausing Point exercises from those listed under "Spell Two- and Three-Sound Words with Cards" and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

• Review the letter-sound correspondences by pointing to a letter on the pocket chart and having students say the sound.
• Assign student pairs.
• Explain to students you are going to say some words. For each word you say, you want one child to spell the word using their Chaining Folder and the other child to copy the word.
• Ask students to spell *tad* in the middle of their Chaining Folders.
• Ask a student to come to the pocket chart and spell the word *tad*.
• Encourage students to correct any errors on their Chaining Folders and papers.
• Once students have chained and copied the word, say, “If that is *tad*, show me *tap*.”
• After students have chained and copied two or three words, have students switch roles.
• Complete the chaining.

1. pun > pan > tan > ban > bat > bet > wet > web
2. tin > win > wit > lit > lip > rip > rib > rub > tub

Take-Home Material

Label the Picture

- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all four sounds from front to back: /i/, /e/, /a/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /a/, /e/, /i/.

If students are having difficulty pronouncing the vowel sounds accurately, you may have them say the words knit, net, gnat, and not in this order and in reverse order before saying the sounds in isolation.

Part B

If students are ready to review more than 20 spellings, use the cards for all of the spellings taught.

- Review the Large Cards and Sound Poster listed in the At a Glance chart.
- Introduce the Sound Poster for ‘w’ and Sound Card 21 (wig).

Introducing the Sound 10 minutes

Tongue Twister 5 minutes

- Tell students the new sound is /j/.

• Have students close their eyes and listen as you read the following tongue twister slowly.

**Jan and John enjoy jogging and doing jumping jacks at Joe’s Gym.**

• Read the tongue twister a second time, have students raise their hands whenever they hear the /j/ sound.

• Break the tongue twister into short phrases and read it again, having students repeat each phrase back to you: Jan and John (pause) enjoy jogging (pause) and doing jumping jacks (pause) at Joe’s Gym.

**Complete the Sentence**

20 minutes

**Teacher Modeling**

5 minutes

• Tell students you are going to show them how to draw a picture of the /j/ sound.

• Draw a large lowercase ‘j’ on the board and describe what you are doing using the phrases on the left. Repeat several times, using the phrases or counting off the strokes as you create the letter.

• Tell students you are going to use your entire arm to draw a very large letter in the air. Model this with your back to students, encouraging them to copy the motions and repeat the phrases with you.
• Try to avoid using the letter name “jay” during this activity. Instead, say the sound /j/.

Meet the Spelling Worksheet 15 minutes

• Distribute and display Worksheet 7.1. Tell students everyone will practice drawing pictures of the /j/ sound.

• Work as a group, guiding students to complete each item in the rows of letters as you model the writing process. Trace the gray dotted letters in the row first; write the letters, using the black dots as starting points. Say the sound as you finish each letter.

• At the bottom of the page, show students how to read and trace the word job; have students trace and write the word using the black dots to start each letter. Remind students English is written from left to right. (You may wish to draw an arrow to indicate directionality.)

• Turn to the back of the worksheet. Ask students to read each word, identify the matching picture, and write the word on the corresponding line. Model each step so students can follow along.

Note to Teacher

As you prepare to teach, remember /x/ actually consists of two sounds, /k/ and /s/. It is taught here as if it were one sound because it is often written with a single letter, ‘x’. There is no need to explain this to students, but if a student notices /x/ consists of two sounds, please confirm this.

**The Short Vowel Sounds and Sound/Spelling Review**

**Part A**

- Today you will include the last of the five short vowel sounds, /u/. It may be difficult for students to say and hear the difference between /a/ and /u/, and /u/ and /o/.
- Display the Large Cards for ‘i’, ‘e’, ‘a’, ‘u’, and ‘o’ in that order, from left to right, so students can see them.
- Say each sound while making the corresponding gesture. Have students repeat after you.
- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all five sounds from front to back: /i/, /e/, /a/, /u/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /u/, /a/, /e/, /i/.

- Introduce Sound Poster for ‘x’ and Sound Card 24 (box).
Reviewing the Sound  

5 minutes

Sound Off

If students need additional practice recognizing and isolating the sounds taught in this unit, you may use any of the Pausing Point exercises listed under “Recognize and Isolate the Sounds Taught in Unit 5” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

Note that this exercise is purely oral with no reference to the three spellings for the /k/ sound: ‘c’, ‘k’, and ‘ck’.

- Tell students the review sound is the /k/ sound.
- Have students say the /k/ sound several times.
- Ask students to repeat a number of words that have the /k/ sound at the beginning: cup, kite, car, king, card.
- Ask students to repeat a number of words that have the /k/ sound at the end: back, sick, yuck, book, luck.
- Ask students if /k/ is a consonant or vowel sound. (It is a consonant sound.)
- Tell students you are going to read a story containing a number of examples of the /k/ sound. The /k/ sound can be at the beginning, in the middle, or at the end of a word.
- Tell students to touch their noses whenever they hear the /k/ sound.
- Read the story very slowly sentence by sentence, making an effort to emphasize the /k/.

Kevin and Carly like carrots. The kids won’t eat cake, and they never crave cookies, but do those kids go crazy for carrots!

Introducing the Spelling Alternative  

15 minutes

Teacher Modeling  

5 minutes

- Draw a large lowercase ‘c’ on the board and remind students they have already learned one spelling for the /k/ sound.
- Tell students there is another way to write the /k/ sound.
- Draw a large lowercase ‘k’ on the board and describe what you are doing using the phrases on the left. Repeat several times, using the phrases or counting off the strokes as you create the letter.
- Tell students you are going to use your entire arm to draw a very large letter in the air. Model this with your back to students, encouraging them to copy the motions and repeat the phrases with you.
- You may wish to mention that one of these letters is called “see” and one of them is called “kay,” but keep the emphasis on sounds and spellings, not on letter names.
Meet the Spelling Worksheet

- Distribute and display Worksheet 10.1. Tell students everyone will practice drawing pictures of the /k/ sound.
- Work as a group, guiding students to complete each item in the rows of letters as you model the writing process. Trace the gray dotted letters in the row first; write the letters, using the black dots as starting points. Say the sound as you finish each letter.
- At the bottom of the page, show students how to read and trace the word yak; have students trace and write the word using the black dots to start each letter. Remind students English is written from left to right. (You may wish to draw an arrow to indicate directionality.)
- Turn to the back of the worksheet. Ask students to read each phrase, identify the matching picture, and write the phrase on the corresponding line. Model each step so students can follow along.

Chaining

Student Chaining

- Ask students to take out their Chaining Folders and arrange the Small Cards on the folder, with the letters for vowel sounds along the top and the letters for consonant sounds along the bottom.
- Collect the pictures of /r/ and /w/.
- Give each student the Small Cards for /k/ and /x/.
- Make sure students have cards for the following vowel spellings along the top of the folder: ‘i’, ‘e’, ‘a’, ‘u’, ‘o’ and cards for the following consonant spellings along the bottom of the folder: ‘n’ (2), ‘t’ (2), ‘d’ (2), ‘k’, ‘b’ (2), ‘j’, ‘y’, ‘x’.
- Review the letter-sound correspondences.
- Ask students to spell bat in the middle of their Chaining Folders, starting on the left side at the green dot.
- Ask a student to come to the pocket chart and spell the word bat.
- When students have spelled bat, say, “If that is bat, show me bet.”
- Repeat for the remaining words in the chain.
- Complete the chaining.
- Once students have spelled the last word in the chain, have them return the Small Cards to their slots.

1. bat > bet > yet > jet > jut > but > bit > kit
2. ax > tax > tan > ban > bin > kin > tin > ten
Word Sort

- Distribute and display Worksheet 10.2.
- Ask students to read the first word.
- Ask students if the /k/ sound in cat is spelled like the /k/ sound in cup or the /k/ sound in kid.
- Have students write cat in the first column, following your example.
- Continue demonstrating (providing guided practice) until students are ready to work independently.
- When students have finished sorting the words, ask if they see any patterns.
- Point out the spelling ‘c’ is usually used before the sounds /a/, /o/, and /u/ as in cat, cot, and cut.
- Point out that the spelling ‘k’ is usually used before the sounds /i/ and /e/ as in kit and ken.

Supplemental Resources

*Words included on the Dolch word list or the Fry word list (two lists of sight words) are indicated with an asterisk.

  2. ask him
  3. elk can run
  4. kid in sun
  5. kid can jog
  6. kit in box

Code Knowledge

- Before today’s lesson: If students attempted to read 1,000 words in a trade book, on average, between 140 and 190 of those words would be completely decodable.

- After today’s lesson: If students attempted to read 1,000 words in a trade book, on average, between 140 and 193 of those words would be completely decodable.

- Although all of the letters of the alphabet have been introduced (except for q), only a modest percentage of words are completely decodable. This shows the complexity of English spelling.

- The sound /k/ is the 13th most common sound in English.

- The sound /k/ is found in approximately 24 percent of English words.

- The sound /k/ is spelled ‘k’ approximately 22 percent of the time.

- The spelling alternative ‘c’ as in cup was taught earlier in this grade.

- The spelling alternatives ‘cc’ as in moccasin and ‘ck’ as in sick will be taught later in this grade.

- The spelling alternative ‘ch’ as in school will be taught in a later grade.

- Students have now learned at least one way to spell 25 of the 44 sounds in the English language.

**Advance Preparation**

Add to the Stomp and Spell materials you created for Unit 4 or make new materials by writing the vowel spellings ‘a’, ‘i’, ‘o’, ‘e’, and ‘u’; and the consonant spellings ‘b’, ‘l’, ‘r’, ‘w’, ‘j’, ‘y’, ‘x’, and ‘t’ on sheets of paper or cardstock; laminate if possible.
Warm-Up 10 minutes

The Short Vowel Sounds and Sound/Spelling Review

Part A

- Display the Large Cards for ‘i’, ‘e’, ‘a’, ‘u’, and ‘o’ in that order, from left to right, so students can see them.
- Say each sound while making the corresponding gesture. Have students repeat after you.
- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all five sounds from front to back: /i/, /e/, /a/, /u/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /u/, /a/, /e/, /i/.

Part B

- Review the Large Cards and Sound Poster listed in the At a Glance chart.
- Point to the /k/ Sound Poster, calling students’ attention to the ‘c’ Sound Card (cat) already on the chart. Show Sound Card 25 (kid) and point to the letter ‘k’ noting this is another way to spell the /k/ sound.
Practice

Stomp and Spell

- Arrange the Stomp and Spell spellings on the floor to resemble the setup on a pocket chart or Chaining Folder—vowel spellings on top, consonant spellings below.
- Choose a student to review the vowel spellings by stomping on each one and calling out the appropriate sound.
- Choose a second student to review the consonant spellings in the same fashion.
- Select a third student and call out the word wax for the student to “stomp and spell.” Student should stomp on each letter in the word to spell it.
- Repeat with the words listed below.

Dictation

Sound Dictation

- Say a sound, and ask the student with the Large Card for that sound to stand up.
- Remind students how to print the letter, and encourage them to trace the spelling in the air. Then have students print the letter on paper.
- Repeat for the remaining sounds.

Differentiated Instruction

Small Group Work

Group 2

- Distribute Worksheet 11.1.
- Have students write each word under the matching picture.
- Write some decodable words and phrases on the board for students to copy and illustrate: (1) kid, (2) bug, (3) big red jet, (4) cat in box, (5) hot wax, (6) cut on leg.
If students need additional handwriting practice, you may use the activities in Unit 5, Section IV of the Assessment and Remediation Guide.

If students need additional reading practice, you may use the activities in Unit 5, Section II of the Assessment and Remediation Guide.

**Group 1**

- Distribute Worksheet 11.1.
- Point to the ‘o’ in ox and ask students what sound it represents. Repeat with the ‘x’.
- Choose a student to blend the word.
- Ask students which of the pictures matches the word ox.
- Have students write ox under the picture of the ox.
- Complete the remaining matches.

Alternatively, you may complete different remediation exercises addressing the specific needs of students. See Pausing Point activities or Supplemental Resources in earlier lessons.

**Take-Home Material**

**Note to Teacher**

This lesson and the four following are devoted to review and assessment of Unit 5. The assessment consists of Parts One and Two. Part One is a whole-group activity required of all students. They will circle 10 words, one per row, as you pronounce each one-syllable CVC word. After scoring Part One, you will determine which students need to complete Part Two. In Part Two, meet briefly with students individually to administer a 10-word reading assessment. The estimated time for each child is two to four minutes.

**Part B**

- Review the Large Cards and Sound Posters listed in the At a Glance chart.

If students need additional practice distinguishing the short vowel sounds, you may use the Pausing Point exercise “Erase the Spellings” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

If students need additional practice recognizing the spellings taught in this unit, you may use any of the Pausing Point exercises listed under “Recognize the Spellings Taught in Unit 5” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.
**Chaining**

**Teacher Chaining**

- Write *nut* on the board.
- Ask a student to read the word, first in a segmented fashion and then blended.
- Erase ‘n’ and write ‘b’ to create *but*.
- As you make this change, say to students, “If that is *nut*, what is this?”
- Continue this process with the remaining words.
- Complete the chaining.

1. nut > but > jut > jet > yet > let > lot > lit > kit > kid
2. hum > bum > bam > yam > ram > rat > at > ax > wax > tax

**Dictation**

**Sound Dictation**

- Distribute paper and pencils. Give each student a Large Card for a spelling that has been taught.
- Say a sound, and ask the student with the Large Card for the sound to stand up.
- Remind students how to print the letter, and encourage them to trace the spelling in the air. Have students print the letter on paper.
- Repeat for the remaining sounds.

**Practice**

**Mark the Phrase**

- Distribute and display Worksheet 12.1.
- Ask students to read the phrases.
- Ask the class which phrase matches the first picture.
- Have students mark the box next to the phrase *bug on bed*, following your example.
- Continue demonstrating (providing guided practice) until students are ready to work independently.
Rainbow Letters

- Distribute Worksheet 12.2 and crayons or colored pencils.
- Display the worksheet.
- Show students how to trace the letter ‘b’, pointing out that you are starting at the dot and staying between the lines. Trace the ‘b’ several more times, using a different color each time.
- Have students follow along on their worksheets.
- Continue demonstrating (providing guided practice) until students are ready to work independently.

Student Performance Task Assessment

Reading Assessment

Part One: Assessment

- Distribute Worksheet 12.4 and crayons or pencils.
- Display the front of Worksheet 12.4 in order to familiarize students with the format. If you wish to provide an example, create one using words other than those used in the assessment.
- Describe the activity to students by telling them they will be asked to circle one word in each row: the word you pronounce. Proceed with the assessment.

1. leg  4. jug  
2. kid  5. yes  
3. rat

- Display the back of Worksheet 12.4 and continue.

6. jet  9. web  
7. log  10. rug  
8. box
**Part Two: Analysis and Interpretation**

Assign one point for each word circled correctly.

There are 10 three-letter words making a total score of 10 points possible.

Interpret scores as follows:

- 9–10 points—excellent
- 8 points—good
- 7 points—fair
- 6 points or less—poor

**Students scoring 7 or fewer points need to complete Part Two of the assessment.**

- Part Two involves assessing students individually by having them read aloud 10 words printed on separate cards.

- The words for the assessment are printed on the next to last page of this lesson. Copy the page and cut out the words. Show the cards to the student one at a time.

- Use the individual record sheet on Worksheet 12.3 to record each word as the student reads it. Scoring is based on one point assigned for every sound in a word which is read correctly.

Interpret scores as follows:

- 26 or more points—excellent
- 21–25 points—good
- 15–20 points—fair
- Less than 15 points—poor

Further analyze each student’s errors to determine whether there are one or more individual letter-sound correspondences that are particularly problematic. The subtotals for each sound-spelling at the bottom of the record sheet should facilitate the identification of specific problem areas.

Also examine whether there are mispronunciations that occur more frequently in a given position in words, i.e., does the student read the initial sound correctly, but misread either the medial and/or final sound?

Finally, examine whether the student succeeded in reading words correctly on the second attempt. If so, the student may be rushing and may benefit from explicit instruction to slow down and look at each letter in a word sequentially, left to right.
Students who score in the fair–poor range are at risk of experiencing considerable difficulty in Unit 5. If a number of students in the classroom fall into this category, it is strongly recommended that you provide substantial practice and remediation using the activities in the Pausing Point and the Assessment and Remediation Guide. Students who do not understand the concept of blending or who have not mastered the nine letter-sound correspondences taught in Unit 5 will only fall further behind if they move on to Unit 6 without remediation.

**Take-Home Material**

**Practice Pack**

- Have students give Worksheet 12.5 to a family member.

Warm-Up 10 minutes

The Short Vowel Sounds and Sound/Spelling Review

Part A

- Display the Large Cards for ‘i’, ‘e’, ‘a’, ‘u’, and ‘o’ in that order, from left to right, so students can see them.
- Say each sound while making the corresponding gesture. Have students repeat after you.
- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all five sounds from front to back: /i/, /e/, /a/, /u/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /u/, /a/, /e/, /i/.

If students need additional practice distinguishing the short vowel sounds, you may use the Pausing Point exercise “Erase the Spellings” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

Part B

- Review the Large Cards and Sound Posters listed in the At a Glance chart.

If students need additional practice recognizing the spellings taught in this unit, you may use any of the Pausing Point exercises listed under “Recognize the Spellings Taught in Unit 5” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

Teacher Demonstration 15 minutes

Demonstration Story: Ox and Man

Note: In this story, the uppercase letters J, K, M, and O are used. They look very similar to their lowercase counterparts. At this point, students only need to recognize these as uppercase letters. Uppercase letters will be taught later in this grade.

- Load the Ox and Man Media Disk or display the Big Book.
• Show students the cover of the book, pointing out the title of the story on the cover. Run your finger under the words Ox and Man, as you read the title. Ask students if they know what an ox is; point to the picture of the ox on the cover and explain that an ox is an animal similar to a cow often used to do different kinds of work, such as pulling a wagon or cart or plowing fields on a farm.

• Based on the title and cover illustration, ask students to predict what they think this story will be about.

• Read the story once without interruption, running a finger beneath the words as you read them.

• Read the story a second time, pausing to point out capital letters, periods, and, if you choose, commas. Explain that a sentence begins with a capital letter and ends with a period. When you see a period at the end of a sentence, you should stop briefly and take a breath before reading the next sentence. If you decide to point out commas, tell students a comma means they should pause briefly. Also, discuss word meanings and ask questions, for example, “What did the ox like to do?”

• If you have time, read the story again, having students read aloud.

**Chaining**

Large Card Chaining

- Tell students if they are holding a card with a picture of a sound in log, they should go to the front of the room and stand in the order that spells log.

- If necessary, help students arrange themselves in correct order.

- Once the word has been spelled correctly, say to students, “If that is log, show me lug.”

- Students should rearrange themselves to make the new word.

- Continue this process until all of the words in the first chain have been spelled.

- Have the students trade cards.

- Complete the chaining.

1. log > lug > bug > rug > rag > wag > wig > big
2. yak > yam > jam > ram > rat > sat > set > sit
Small Group Work

◊ Group 2

• Distribute Worksheets 13.1 and 13.2.
• Worksheet 13.1: Have students write each word under the matching picture.
• Worksheet 13.2: For each picture, have students circle the matching word.

◊ Group 1

• Distribute Worksheet 13.1.
• Point to the ‘b’ in box and ask students what sound it stands for. Repeat with the ‘o’ and then the ‘x’.
• Choose a student to blend the word.
• Ask students which of the pictures match the word box.
• Have students write box under the picture of the box, saying each sound as they write it.
• Complete the remaining items.

Alternatively, you may use different remediation exercises addressing the specific needs of students.

Student Performance Task Assessment

Reading Assessment

• Follow the procedures explained in Lesson 12.

### Warm-Up 10 minutes

**The Short Vowel Sounds and Sound/Spelling Review**

**Part A**

- Display the Large Cards for ‘i’, ‘e’, ‘a’, ‘u’, and ‘o’ in that order, from left to right, so your students can see them.
- Say each sound while making the corresponding gesture. Have students repeat after you.
- Repeat several times.
- Once students are confident in their pronunciation and able to say the sounds clearly, have them say all five sounds from front to back: /i/, /e/, /a/, /u/, /o/ (from the front of the mouth /i/ to the back of the mouth /o/). Then have them say the sounds from back to front: /o/, /u/, /a/, /e/, /i/.

If students need additional practice distinguishing the short vowel sounds, you may use the Pausing Point exercise “Erase the Spellings” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

![Gesture illustrations for /i/, /e/, /a/, /u/, /o/]

- place finger below lips
- pretend not to hear
- pretend to cry
- raise arms above head
- circle open mouth with finger
Part B

If students need additional practice recognizing the spellings taught in this unit, you may use any of the Pausing Point exercises listed under “Recognize the Spellings Taught in Unit 5” and the activities in Unit 5, Section II of the Assessment and Remediation Guide.

Teacher Demonstration

Teacher Demonstration Story: Ox and Man

- Load the Ox and Man Media Disk or display the Big Book.
- Remind students a story has a title and a story is made up of sentences. Sentences begin with an uppercase letter and end with a period. The words in a sentence are separated by spaces.
- If you decided to teach students about commas, remind them that a comma means they should pause briefly when reading.
- Read the story once without interruption, running a finger beneath the words as you read them. Be sure to model pausing at the end of each sentence.
- Discuss word meanings and ask questions, for example, “What happens when the girl, Min, feeds the ox? Why?”
- If you have time, read the story again, having students read aloud.

Dictation

Dictation Identification

- Distribute and display Worksheet 14.1.
- Point to the first row of words, and tell students you are going to say one of the two words.
- Say the word fit.
- Ask students which of the two words spells fit.
- Once the class has answered correctly, have students circle fit, following your example.
- Continue demonstrating (providing guided practice) until students are ready to work independently.

1. fit 3. pat 5. yet
2. lip 4. fin 6. sit
• Handwriting Practice: Have students copy the circled words on the lines.

Teacher Demonstration

Demonstration Story: Ox and Man

- Load the Ox and Man Media Disk or display the Big Book.
- As you read, remind students a story has a title and a story is made up of sentences. Sentences begin with an uppercase letter and end with a period. The words in a sentence are separated by spaces.
- If you decided to teach students about commas, remind them a comma means they should pause briefly.
- Read the story aloud, pausing to point out capital letters, periods, and, if you choose, commas. Also, discuss word meanings and ask questions, for example, “Does the ox look happy at the end of the story? How can you tell?”
- If you have time, read the story again, having students read aloud.

Practice

Sound Sprints

- Select two students to race.
- Call out a sound.
- Have students race to grab a corresponding letter card and bring it back.
- The first student to return with the correct letter is the winner.
- Repeat with additional sounds and letters.
Differentiated Instruction 20 minutes

Small Group Work

Group 2
- Distribute Worksheets 15.1 and 15.2.
- Worksheet 15.1: Have students write each word under the matching picture.

Group 1
- Distribute Worksheet 15.1.
- Point to the ‘b’ in box and ask students for the sound. Repeat with the ‘o’ and then the ‘x’.
- Choose a student to blend the word.
- Ask students which of the first two pictures matches the word box.
- Have students write box under the picture of the box, saying each letter’s sound as they write it.
- Complete the remaining items.
- Alternatively, you may use different remediation exercises addressing the specific needs of students.

Part B

• Review the Large Cards listed in the At a Glance chart.

Teacher Demonstration 10 minutes

Demonstration Story: Ox and Man

• Load the Ox and Man Media Disk or display the Big Book.

• Remind students a story has a title and a story is made up of sentences. Sentences begin with an uppercase letter and end with a period. The words in a sentence are separated by spaces.

• If you decided to teach students about commas, remind them a comma means they should pause briefly.

• Starting with the title, ask students to read each page as you run your finger under the printed text.

• After reading the entire story, discuss word meanings and ask questions, for example, “How did the ox feel when Jin ran at him? Why?” and “What happened to Kim when he grabbed the ox’s horns?”

• If you have time, read the story again, having students read aloud.

Dictation 10 minutes

Sound Dictation

• Distribute paper and pencils. Give each student a Large Card for a spelling that has been taught.

• Say a sound, and tell the student with the Large Card for that sound to stand up.

• Remind students how to print the letter, and encourage them to trace the spelling in the air. Have students print the letter on paper.

• Repeat for the remaining sounds.
**Practice**

**Mark the Phrase**

- Distribute and display Worksheet 16.1.
- Ask students to read the phrases.
- Ask students which phrase matches the first picture.
- Have students mark the box next to the phrase *rat in cup*, following your example.
- Continue demonstrating (providing guided practice) until students are ready to work independently.

**Spelling Hopscotch**

- Arrange the spellings on the floor in a flower pattern, with one of the vowel spellings in the center and the consonant spellings around the outside.
- Ask a student to spell a word or silly word by starting on the outside, hopping to the inside, and then hopping back to the outside. Have the student say the sounds while hopping on the letters—/b/ . . . /e/ . . . /t/—and blend them to make the word.
- Ask students whether the word is a real word or silly word
- Repeat with additional students.
- After students have made a few words, switch in a new vowel spelling.

**Student Performance Task Assessment**

**Reading Assessment**

- Follow the procedures explained in Lesson 12 to complete assessment of all students.
- If you have not yet evaluated all students, continue to do so in the next one to two days while other students work on Pausing Point activities.

**Take-Home Material**

**Take-Home Story: Ox and Man**

- Have students give Worksheet 16.2 to a family member.
With the conclusion of Unit 5, if a significant number of students are having difficulty with any of the skills, pause here and spend additional time reviewing the material taught in this unit. You may have students complete any combination of the exercises listed below, in any order. The exercises are listed under the unit skills they address.

Different students need help with different objectives. So it can be helpful to have students focus on specific exercises in small groups.

If you have students who are still having difficulty blending, we recommend extra practice before moving on to Unit 6. In Unit 6, letter names are introduced. It is important for students to blend successfully with sounds before the letter names are introduced.

• This time ask students to draw a dot under the sound you said.
• Continue having students add dots until all students have practiced sufficiently.
• Add the spelling ‘e’ between ‘i’ and ‘a’ once your students can successfully do this exercise.
• Add the spelling ‘u’ between ‘a’ and ‘o’ once students can successfully do this exercise with the four sounds.

/b/

The big boy brought the black boot back.

/l/

Lilly likes licking lemon lollipops.

Complete the Sentence

- See Lesson 7 for /j/ and Lesson 9 for /x/.

Guess the Sound!

- Whisper a “secret sound” to a student and ask him or her to find an object in the classroom beginning with that sound.
- When the student points to the object, have students guess the “secret sound”.

Let’s Take a Trip!

- Tell students the class is taking a pretend trip.
- Ask a student to name something he or she would take on the trip, e.g., jeans.
- Ask students for the first sound in jeans.
- Once the /j/ sound has been identified, ask students to think of something else to bring on the trip starting with the /j/ sound.
- Variation: Make this game more difficult by making the final sound in a word the beginning sound in the next word.

Sound Search

- Say a sound and ask students to find an object in the classroom beginning with the sound.
- Help students find the first object.
- When a student has found an object, have him or her show it to the other students and say its name.

On the Internet you can find a number of tongue twister databases.
Sound Collections

- Gather a number of objects starting with either of two target sounds, e.g., /w/ and /j/.
- Label two boxes with the spellings ‘w’ and ‘j’.
- Ask students to say the name of each object and its first sound.
- Have students place the objects in the appropriate boxes.

Differentiate Sister Sounds

In Units 3–5, students have been taught the sister sounds /t/ and /d/, /k/ and /g/, /f/ and /v/, /s/ and /z/, and /p/ and /b/. The sounds in each pair are produced in the same way but differ in voicing. Being able to hear whether a sound is unvoiced (/t/, /k/, /f/, /s/) or voiced (/d/, /g/, /v/, /z/, /b/) is crucial for correct spelling. In the following exercises students will practice hearing the difference between sister sounds.

Sister Sounds

- Explain to students /p/ and /b/ sound very similar—they are sister sounds. Both of these consonant sounds are made by pressing the lips together and then popping them open.
- Tell students to place their fingers over their ears with their palms on their cheeks, or place fingertips on their throats.
- Have students alternate between saying the /p/ sound and the /b/ sound.
- Ask students if they can feel the difference between these two sounds.
- Explain that the /b/ sound is buzzier than the /p/ sound. It makes our mouths and throats vibrate.
- Distribute Worksheets PP1 and PP2.
- Tell students to show you the picture of /p/ when you say the /p/ sound and the picture of /b/ when you say the /b/ sound.
- Practice this several times.
- Next, tell students you are going to say two words. One word will begin with the /p/ sound and one word will begin with the buzzy /b/ sound.
- Ask students to hold up the picture of /p/ when you say a word beginning with the /p/ sound and the picture of /b/ when you say a word beginning with the /b/ sound.
- Have students close their eyes and listen as you say the first word pair. Students should repeat both words, covering their ears or touching their throats. Have them hold up the appropriate spelling for each word.
Repeat this exercise for the sister sounds /t/ and /d/, /k/ and /g/, /f/ and /v/, and /s/ and /z/ using Worksheets PP3–PP10.

**Sister Sounds:**

<table>
<thead>
<tr>
<th>Unvoiced</th>
<th>Voiced</th>
</tr>
</thead>
<tbody>
<tr>
<td>/p/</td>
<td>/b/</td>
</tr>
<tr>
<td>/t/</td>
<td>/d/</td>

<tr>
<td>/k/</td>
<td>/g/</td>
</tr>
<tr>
<td>/f/</td>
<td>/v/</td>
</tr>
<tr>
<td>/s/</td>
<td>/z/</td>
</tr>
</tbody>
</table>

**T-Charts**

- Select two sister sounds, for example /p/ and /b/, and gather pictures of items beginning with either of these sounds.
- Draw a chart with two columns on a piece of chart paper and write the target sounds at the top of the chart.
- Show students pairs of pictures, one picture in each pair starting with /p/ and one with /b/, and ask students to identify the beginning sounds.
- Place the pictures in the appropriate columns of the chart.
- If students are having difficulty distinguishing sister sounds, have them say the sound pairs repeatedly, touching their throats with their hands. For the voiced sounds, they will be able to feel the vibration of the vocal cords. For the unvoiced sounds, if they are said in a clipped fashion without a vowel attached to them like /pu/, they will feel no vibration.
- Extension: The target sounds could also be at the end of the words, e.g., cap and lab. Identifying ending sounds is more difficult than identifying beginning sounds.

**Recognize the Spellings Taught in Unit 5**

**Stepping Sounds**

- Tape two rows of five to eight squares on the floor and have a student stand at the head of each row.
- Hold up a spelling for the first student and ask him or her to say the sound. If the student says the correct sound, he or she moves one square forward.
- Repeat this process, alternating between the two students.
**Simon Says Sounds**

*Note:* Be sure to explain and practice the game of Simon Says if students are not familiar with it.

- Give every student the same set of cards.
- Play Simon Says, using commands such as:
  - Simon says, “Touch the picture that stands for the /b/ sound as in bug.”
  - Simon says, “Touch the picture that stands for the /w/ sound as in wet.”
  - Touch the picture that stands for the /j/ sound as in jet. (Since Simon did not say to touch it, they should not have touched the picture.)

**Sound Sprints**

- See Lesson 15.

**Pipe Cleaner Spellings**

- Distribute pipe cleaners to students and write the spellings taught in Unit 5 on the board.
- Have students form some or all of the spellings with pipe cleaners.
- Have students spell words with the pipe cleaner spellings.

**Can You Feel the Letter?**

- On a piece of cardboard, draw several spellings taught so far.
- Cut them out and place them in a box.
- Ask a student to close his or her eyes and to select a letter from the box.
- Ask him or her to identify the letter by feeling it with his or her hands.

*Note:* The spellings ‘d’, ‘b’, and ‘p’, and ‘u’ and ‘n’ have a similar form. Do not use these letters in this exercise.

**Crossing Out Spellings**

- Write three-sound words on cards (one word per card) and distribute one card and a pencil to each student.
- Have each student read his or her word out loud.
- Gather the Large Cards for the spellings used on the word cards.
- Show the first card and review the sound with students.
- Ask students to cross out the spelling if it is on their word card.
- Continue until students have crossed out all of the spellings on their cards.
Spelling Bingo

- Make bingo cards with spellings taught.
- Write the same spellings and place them in a box.
- Give each student a bingo card and playing pieces.
- Select spellings from the box and have students place a playing piece on top of the spelling if it is on their bingo cards.
- Students should say, “Bingo!” once all of the spellings on their card are covered.

Erase the Word
- Write three to five words on the board and have students read them.
- Say a word and have a student erase it from the board.
- Start over when all of the words have been erased.
- Continue until all students have had a turn.

Word Bingo
- Make bingo cards for students with decodable two- and three-sound words written on them.
- Write the same words on paper slips and put them in a box.
- Give each student a bingo card and place markers.

- Ask students to take out a pencil and a piece of paper.
- Tell students you are going to say a number of words.
- For each word you say, hold up one finger for each sound.
- Ask students to count the sounds in the word and then draw a line on their paper for each sound that they hear. For example, for the word *jug*, three lines would be drawn on the paper: ___. Once students have written one line for each sound in the word, instruct them to write the spellings on their respective lines: *jug*. Ask students to read the word back to you.
- Instruct students to refer to the Sound Posters.
- Use only three to five words for each dictation activity.

Teaching Spelling Alternatives

In this unit you introduce the first spelling alternative: ‘k’ as a spelling alternative for /k/. (Students learned the basic code spelling ‘c’ earlier.) This Appendix will explain how spelling alternatives are taught in this program.

One of the difficulties with English spelling is that most sounds can be spelled more than one way. In CKLA we refer to the most common, or least ambiguous, spelling for a sound as the “basic code spelling.” We refer to all other spellings for a sound as “spelling alternatives.”

If every sound in English were spelled only one way, the Basic Code Lesson would be the only kind of lesson you would need in order to teach students to read and write. Unfortunately, that is not the case. There are many sounds in our language that can be spelled several different ways. The sound /ae/ can be spelled using the basic code spelling ‘a_e’ as in cake, or it can be spelled with one of several spelling alternatives: ‘a’ as in paper, ‘ai’ as in wait, ‘ay’ as in way, or ‘eigh’ as in weight. The sound /ee/ is even trickier. It can be written using the basic code spelling ‘ee’ as in bee or any of the following spelling alternatives: ‘e’ as me, ‘ea’ as in heat, ‘ey’ as in key, ‘y’ as in funny, ‘e_e’ as in Eve, ‘i’ as in pizza, ‘ei’ as in receive, or ‘ie’ as in cookie.

The Spelling Alternatives Lesson is used to introduce spelling alternatives for a sound that can be spelled more than one way. This type of lesson is organized around a sound, just as the Basic Code Lesson is. The Basic Code Lesson introduces only one spelling for the sound, the Spelling Alternatives Lesson will often introduce multiple spellings.

The Spelling Alternatives Lesson for a particular sound is not taught until the students have already had the Basic Code Lesson for that sound. Often it is not taught until later. This gives the students a chance to work in a simplified world in which the basic code spelling is the only one they need to recognize and they do not have to cope with spelling alternatives during their early reading instruction.

Generally, a Spelling Alternatives Lesson begins in the same way as a Basic Code Lesson, with the teacher leading an oral language exercise that involves hearing and saying the new sound. The teacher then reviews the basic code spelling for the sound and introduces the spelling alternatives for the sound, with sample words for each one. After the new spellings have been introduced, students will generally be asked to do a word sort or other activity that involves the new spelling. In a word sort, the students are given a set of words, all of which contain the sound of the day, but with different spellings. Students are asked to copy the words under headings according to the spelling which is being used for the new sound.
Here is an abbreviated example (using a long vowel sound) of what you might be asked to do in a Spelling Alternatives Lesson for the sound /ae/:

- Tell students the new sound is /ae/.
- Ask students to say the sound in isolation: /ae/.
- Ask students to repeat words with /ae/ at the beginning: ape, acorn, ate.
- Ask students to repeat words with /ae/ in the middle: wait, plane, state.
- Ask students to repeat words with /a/ at the end: play, say, day.
- Tell students, “I’m thinking of something that has the sound /ae/. This is a fruit we use to make purple juice.” (grapes)
- Give similar clues for other words that contain /ae/ (plane, pain, wait, late, etc.).
- Remind students they have already learned one way to spell /ae/: ‘a_e’ as in date.
- Tell students this sound can also be spelled several other ways.
- Introduce the spelling alternatives: ‘a’ as in navy, ‘ai’ as in wait, ‘ay’ as in way, with sample words for each one.
- Have students complete a word sort in which they sort /ae/ words under headings for the spellings ‘a_e’, ‘a’, ‘ai’, and ‘ay’.

The word sort might ask students to sort the following words: making, wait, say, make, skate, skating, nail, play, lake, table, aim, naming, fade. Students would be asked to copy these words under headers according to the spelling used for the /ae/ sound, like this:

<table>
<thead>
<tr>
<th>‘a_e’</th>
<th>‘a’</th>
<th>‘ai’</th>
<th>‘ay’</th>
</tr>
</thead>
<tbody>
<tr>
<td>make</td>
<td>making</td>
<td>wait</td>
<td>say</td>
</tr>
<tr>
<td>skate</td>
<td>skating</td>
<td>nail</td>
<td>play</td>
</tr>
<tr>
<td>lake</td>
<td>table</td>
<td>aim</td>
<td></td>
</tr>
<tr>
<td>fade</td>
<td></td>
<td></td>
<td>naming</td>
</tr>
</tbody>
</table>

This Spelling Alternatives Lesson is used infrequently in kindergarten. In Unit 5, ‘k’ is introduced as an spelling alternative for /k/. Later, students are introduced to ‘s’ as a spelling alternative for /z/ in words like as, his, and dogs. In Unit 8, the double-letter spellings for consonant sounds are introduced, e.g., ‘ff’ for /f/, ‘ss’ for /s/, ‘ck’ for /k/ and so on. These are the only spelling alternatives introduced in kindergarten.

Simply find the number of correct answers along the top of the chart and the total number of questions on the worksheet or activity along the left side. Then find the cell where the column and the row converge. This indicates the Tens score. By using the Tens Conversion Chart, you can easily convert any raw score, from 0 to 20, into a Tens score. You may choose to use the Tens Recording Chart following to provide an at-a-glance overview of student performance.
